

UYSA has allowed spectators at games provided we follow certain guidelines. Please read them and follow them for each game. If we are unable to follow these guidelines, we are at risk of cancelling the season.

Players are responsible for:

Practicing proper social distancing when not in a warm-up or game setting.

Refraining from high fives, hugs, or any other unnecessary physical contact with other players. This means no after game handshakes or high fives with the other team, no “ole” circles, and no pre-game “hands in” circles.

At this time, carpooling is discouraged and should be limited to family.

Reporting any symptoms, they may be experiencing that align with COVID 19 symptoms.

**Players are highly encouraged to wear a mask to and from the field and when not actively warming up or in a training or game setting.

Coach Requirements:

Coaches must always wear PPEs when addressing the team or players within a 6ft radius. Use hand-sanitizer as often as possible.

All practices must be conducted outdoors.

Limit equipment brought to practice, disinfecting all equipment before / after use.

Do not allow players to share pennies, other equipment, or water bottles. Goalies should not share goal keeper pennies.

Maintain a No Congregating Policy for players or parents in parking lots, at drop off zones, at entrance/exit areas of facility, or before or after training session or games.

Require parents to confirm their child is symptom free before attending training or games by answering three questions:

1. Do you have a temperature at $\geq 38^{\circ}\text{C}$ (100.4°F) or $\geq 35^{\circ}\text{C}$ (95°F).
2. Are you currently experiencing any symptoms including fever, cough, shortness of breath, lost sense of smell or taste, nausea/vomiting/diarrhea?
3. Do you have anyone in your household that has tested positive for COVID-19, or exhibited a fever, cough, or shortness of breath?

If you answer yes to any of these questions, please do not attend training or games.

If one of your players exhibits symptoms, please **DO NOT LET THEM PRACTICE OR PLAY.**

PLEASE DO NOT ARRANGE FOR THE TEAM TO BRING HALFTIME SNACKS OR AFTER GAME TREATS. Each player should bring their own water bottle, and these should not be shared. If your player needs a halftime snack, please arrange for them to bring their own. Similarly, please do not bring after game treats. While this seems to be a large part of soccer, let's continue to minimize contact where ever we can.

Any confirmed case of COVID-19, within a team, will require cancellation of all training sessions and games for that team, and any other teams associated with that coach, for a minimum of 14 days, and immediately call the local Health Department and Impact United.

Spectator Responsibilities:

Each team and their spectators will sit on separate sides of the field. Spectators will sit on the other half of the same side of the field as their team.

Abide by social distancing policy of 6ft away from other spectators outside of your household.

No congregating on sidelines or in parking lot before, during, or after matches.

Sit a minimum of 10ft off sideline.

Under no circumstances can a parent approach or be in the designated team area.

Wear PPE's when interacting with other spectators, coaches, referees, or other players within a radius of 6ft.

Stay home if you have any signs or symptoms of being sick.

If you are a person of high risk, do not attend.

Symptom check your players before arriving at field.

Avoid contact with any players or spectators outside of your households.

Limit the spectators attending games appropriately.

Let's do our part to continue to prevent the spread and let our kids play.
